

**PART 5: Walk Wisely**

**DATE: 08-30-2020**

## START

There are warning signs all around us. On the products that we buy, on the roads that we drive on, the stores we shop in, and the places where we work. Just like warning signs around us, God gives us some warning signs as well in the area of life.

- What is one of the oddest warning signs you have seen on a product?
- What warning signs have you seen God give you in your life?
- Why do you think God gives us warning signs?

## READ

[Ephesians 5:15-16](#) (NIV)

Be very careful, then, how you live—not as unwise but as wise, making the most of every opportunity, because the days are evil.

## THINK

As we grow closer to Jesus our wisdom grows. As wisdom grows we come to know God better. His wisdom makes Him more known to us, and His wisdom helps us know how to treat others.

- How does God's wisdom help us know how to treat others?
- Where in your life do you need to grow in God's wisdom?

As we go throughout life we run into "God, why?" moments. When something horrific happens in our lives we ask God why He allowed it to happen. We know that God is sovereign, but He also gives us a choice to follow His commands. When we choose not to follow His commands love is not shown.

- What has been a "God, why?" moment in your life?
- What decisions broke God's command of will that led to that moment?
- How can you lean into God's Spirit during difficult times?

## PRAY

Ask God to give you wisdom in life. So that you may better know Him and know how to treat others. Ask Him to allow His wisdom to guide you so you can better lead in times of polarization.

## ACT

This week, spend some time with God seeking His wisdom. Lean into His wisdom so that you can walk wisely and worship God throughout the week.
